## Throwing Stars Jewelry: Metals

All designs are handmade and available in Sterling Silver, 14K Gold-Filled, 14K Rose Gold-Filled, and Copper. Additionally, 14K and 18K Gold are available upon request.

The silver used in these designs is specifically Argentium® Sterling Silver. It is more tarnish resistant than basic sterling silver, and therefore is the highest quality sterling silver available.

14K Gold-Filled and 14K Rose Gold-Filled is a higher quality metal than gold plated, gold vermeil, or gold dipped. 14K Gold-Filled is an actual layer of 14K gold, fused to brass.

Both Sterling Silver and 14K Gold-Filled should be stored in a dry place to prevent tarnish. Products are labeled as:

Copper

SS = Sterling Silver

GF = 14K Gold-Filled

Rose GF = 14K Rose Gold-Filled

2-Tone = Both Sterling Silver and 14K Gold-Filled

3-Tone = Sterling Silver, 14K Gold-Filled, and 14K Rose Gold-Filled
